

Consultations Tab

On this tab, you will see any CDA (Child Development Associate) Observations completed with any of your staff. You will also see any Mental Health Consultation visits.

The screenshot shows a software interface with a navigation bar at the top containing tabs for Status, Org Details, Program Info, Classrooms, Assessments, Employees, Consultations (highlighted in red), and Reports. Below the navigation bar, the section is titled 'Consulting Activities Scheduled' and contains a message box stating 'No Coaching Scheduled' with the subtext 'There is no upcoming coaching scheduled for this program.' Below this, the section is titled 'Consulting Activities Received' and features a summary box indicating 'Total Hours of Support - 20.00'. A table below the summary lists the received activities.
