

The Oklahoma Registry

Video Training Record

for Non-CECPD Videos

Please complete the following information to receive video training credit for *The Oklahoma Registry* for a video not checked out from the Center for Early Childhood Professional Development (CECPD). Use the form provided by CECPD to document videos checked out from the CECPD Video Lending Library. Because the Oklahoma Department of Human Services limits the amount of annual training a provider can receive by video, please refer to Oklahoma Child Care Licensing Requirements for the correct number of hours.
